

VÍCTOR A. PÉREZ M.

Infrastructure & DevOps | Full-Stack Developer

Panama City, Panama • +507 6735-1374 • vaperezm@gmail.com • linkedin.com/in/vperez6 • rxppxc.github.io

PROFESSIONAL SUMMARY

IT professional with combined experience in Infrastructure & DevOps and Full-Stack Software Development, building and operating large-scale, end-to-end systems. I administer production environments (Windows Server, Linux, VMware, Active Directory, backups, and monitoring) and develop enterprise web/mobile applications (Laravel, Vue, REST APIs) under SOLID principles and OWASP security best practices. Strong analytical ability, proficiency with data tools (advanced Excel, Power BI, Power Query), and continuous learning across development, infrastructure, cloud, and data.

TECHNICAL SKILLS

Development: PHP, Laravel, Symfony, JavaScript, Vue.js, Node.js/Python (basic), REST/SOAP APIs, JWT/OAuth2, MVC, Git/GitHub/GitLab, Docker, CI/CD

Infrastructure & Cloud: Windows Server, Linux (RHEL, Rocky, Debian, Ubuntu), VMware vSphere, Active Directory (DNS/DHCP/LDAP/GPO), Veeam Backup, Zabbix, AWS (fundamentals), Networking (CCNA)

Data & Databases: MySQL, PostgreSQL, MariaDB, MongoDB, Advanced Excel (PivotTables, Power Query), Power BI, Highcharts, Oracle E-Business Suite

Security: OWASP, hardening, access control, risk management, SQL/XSS/CORS injection prevention

PROFESSIONAL EXPERIENCE

Infrastructure Administrator (DevOps)

May 2026 – Present

Servicio Nacional de Migración (SNM), Panama

- I administer data center infrastructure: physical servers, storage, critical hardware, and VMware environments (vSphere, virtual machines).
- I manage Windows Server, Linux (RHEL/Rocky/Debian/Ubuntu), Active Directory (DNS, DHCP, LDAP, GPOs), and Microsoft 365 / Entra ID.
- I monitor infrastructure with Zabbix and ensure operational continuity with Veeam Backup & Replication (backup, restore, DR).
- I deploy code to production via CLI and remote SSH access (MobaXterm), and provision test and production servers according to project requirements, using Docker and CI/CD pipelines (GitHub Actions).

Full-Stack Developer

Sep 2025 – May 2026

Servicio Nacional de Migración (SNM), Panama

- Contributed to the development and maintenance of a multi-module institutional platform (Laravel/PHP, Vue, MySQL/PostgreSQL) led by the team's Senior Engineer, and participated in the development of the Internal Portal (1,000+ users).
- Collaborated on the design of a granular RBAC system (140+ permissions, 50+ roles) with LDAP/Active Directory authentication.
- Developed REST APIs (JWT/OAuth2) and SOAP/WSDL integrations under MVC, dependency injection, and SOLID principles.
- Developed the institutional mobile app with Ionic + Vue 3 + Capacitor, using Git and Scrum/Agile methodology.

Intern

Jun 2025 – Aug 2025

Panama Canal Authority (ACP), Vice Presidency of Operations

- Provided Level 1 Help Desk support (on-site and remote); managed incidents and tickets in TecDesk.
- Collected, cleaned, and validated operational data; automated workflows and dashboards with Power Apps, Power Query, and Power BI.

Corporate Sales Executive

Jul 2024 – May 2025

NextPhone Corp, S.A. (+Móvil Corporate Distributor)

- Consultative B2B/B2C sales of telecommunications solutions to SMEs and after-sales management with corporate CRM.

Plant Operator (Production and Warehouse)

Feb 2023 – Jun 2024

MOVA Chemical, S.A.

- Managed raw material and finished product inventory; documented processes under GMP, ISO, and BPM standards.

EDUCATION

Bachelor's Degree in Technology Application Development — University of Panama (Mar 2023 – In Progress)

Technical Program in Computer Systems — Dell Technologies & Glasswing International (2025)

CCNA: Introduction to Networks — Cisco Networking Academy (2025)

COURSES – ADDITIONAL TRAINING

Development & Cloud: Career Essentials in Software Development – Microsoft (2025) · AWS Cloud Fundamentals – AWS/Skilling Panama (2025) · Claude Code in Action – Anthropic (2026)

Infrastructure & Security: Cisco CCNA: Introduction to Networks (2025) · Career Essentials in System Administration – Microsoft (2025) · Microsoft Security Essentials Professional Certificate (2025) · IT Security Technician – Fundación Carlos Slim (2025)

Data: Career Essentials in Data Analysis – Microsoft (2025) · Preparing Data for Analysis with Microsoft Excel – Microsoft (2025)

LANGUAGES

Spanish (native) · English (technical)
